

Lilo Chrome Extension (Elvis) – Privacy Policy

Effective date: 2025-07-08

This Privacy Policy describes how the **Lilo Chrome Extension** (“we”, “our”, or “us”) collects, uses, and protects your data when you use our browser extension to add products to your Lilo cart from external websites.

1. Information We Collect

We only collect the following types of information when you actively interact with the extension:

- **Website Content:** When you click the Lilo extension button, we extract publicly visible product details (such as name, price, image, link, etc) from the webpage you are viewing to add them to your Lilo cart.
- **Authentication Information:** To associate added products with your Lilo account, we may store a session token or user ID provided when you log in.
- **Technical Data:** We may collect basic diagnostic or error information to improve extension performance. No browsing history or passive activity is tracked.

2. What We Do Not Collect

We do **not** collect or access:

- Your full browsing history
- Personal communications, financial or health data
- Any page content unless you explicitly activate the extension
- Keystrokes, mouse activity, or scroll data

3. How We Use Your Data

We use your data solely for the purpose of:

- Capturing product information and adding it to your Lilo cart
- Maintaining your session with the Lilo platform

We do **not** sell, rent, or share your data with third parties for marketing purposes.

4. Data Storage and Security

All data collected by the extension is securely transmitted to our servers (<https://api.liloshop.io>) using HTTPS. We follow industry best practices to protect your information from unauthorized access.

5. User Control and Transparency

The Lilo Chrome Extension only activates when you click its button. You may uninstall or disable the extension at any time. If you wish to delete your Lilo account or any associated data, please contact us at [insert support email].

6. Changes to This Policy

We may update this Privacy Policy periodically. We will notify users of any significant changes by updating the “Effective Date” and, where appropriate, through the Chrome Web Store or in-app notification.
